

## **Bedbound Self as Art Installation**

by Ep-Ep, 2024

I am my own masterpiece  
Bed-framed and on horizontal display.

See, here?  
Five-month unwashed hair  
Exquisite! The artist evokes a rooster.

And, here?  
Emerald streaks on bedsheet-canvas  
Blended lettuce spilled with such finesse.

I am a new exhibit in this collection  
On long term loan from Activeland.

Some days,  
Silence please  
Do not touch!

Other days,  
Interactive installation  
Please be gentle  
Thanks.

\*Exhibit not open to the public. Visiting hours by  
appointment only. Masks required.
